

StudioPro Vinyl Dance Floor

DanceFloor
com.au

www.dance-floor.com.au

Our StudioPro Series is an outstanding multi-purpose dance floor that is perfectly suited for a variety of contemporary dance styles in dance studios, drama schools and theatres.

This vinyl floor provides the appropriate controlled slip for most dance styles including ballet, flamenco, folk, hip hop, Irish, jazz, modern and tap.

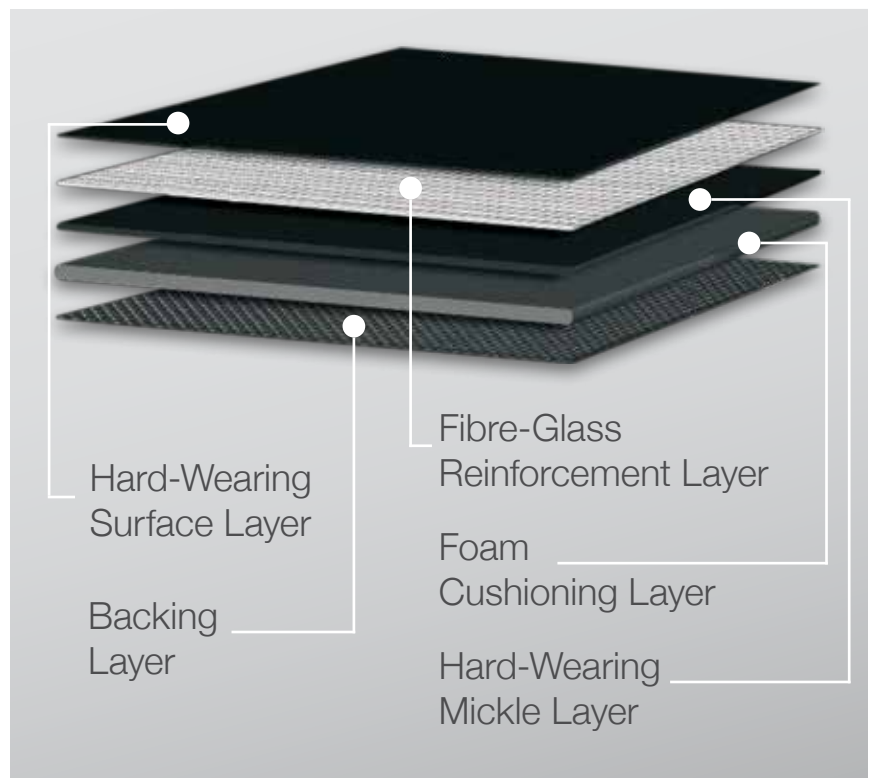

This vinyl floor can be installed as either a permanent or semi-permanent solution, subject to your requirements.

Its fibre glass middle layer allows for a fast lay and retains stability to resist stretching and bubbling.

For best practice, our Studio Pro Series is recommended to lay over a sprung floor system or shock absorption subfloor.

Features:

1. Consistent vertical deformation enables dancers to increase their stability and eliminate area indentation.
2. With the hard wear resistant layer, It can withstand a long using life and antiscratching performance.
3. Great coefficient of friction offers optimal slip resistance.

Thickness: 3mm

Size (Length x Width): 15m x 1.5m or 10m x 1.5m

Color: Black or Grey

14B/8, Gladstone Road, Castle Hill NSW 2154
